

# [KT New Phone Contract Guide]

## 1. Price Plans

(Brand : KT & **olleh** )

No	Charge Item	Price Plan	Standard Monthly Charge Inclusive of Tax	Final Monthly Charge after 25% Discount
1	Subscription Fee	-	0	0
2	SIM Card	-	₩7,700	₩7,700
3	Price Plan: Monthly Usage Charges (25% discount will be applied)	LTE Data On Talk	₩49,000	25% discount=12,250 → <b>₩36,750</b>
		LTE Data On Video	₩69,000	25% discount=17,250 → <b>₩51,750</b>
		5G Slim	₩55,000	25% discount=13,750 → <b>₩41,250</b>
		5G Super Plan Basic	₩80,000	25% discount=20,000 → <b>₩60,000</b>
4	Monthly Phone Installment	Prices are dependent on the Model and Subsidy (quotations will be given per inquiry)		
5	Protection Cover and Film	Free		

\* For prepaid service, just visit any nearby KT or Olleh shop. If needed, our office will provide a free translation service

- **LTE Data On Talk: up to 3GB free and then unlimited data at 1Mbps**
  - **LTE Data On Video: up to 100GB free and then unlimited data at 5Mbps**
  - **5G Slim: up to 8GB free and then unlimited data at 1Mbps**
  - **5G Super Plan Basic: unlimited 5G & LTE data & global roaming at 400Kbps**
- \*All plans offer “unlimited talking minutes (except special paid service such as 114, 060, and 1588 calls) & unlimited text/photo messaging” (But there are daily limits: 500 talk minutes and 500 text messages)
- \* Price plans can be upgraded anytime while downgrading is prohibited for the first 6 months from service activation due to subsidy amount difference tied to your chosen price plan

## 2. Contract Period: 2 years (24 months) & ARC is required

## 3. Activation Process

Quotation & ARC check → a new phone shipped to your office or visit us at our office →  
Your first bill will arrive in email next month (there could be up front cost for high-end phones)

KT Gwangju & Jeollanamdo

(Sales Coverage: Entire Korea, but mostly Gwangju, Jeollanamdo, Jeonju, Jeollabukdo & Seoul)

## [KT Used Phone Activation Guide]

If you don't want a new phone on a contract from KT but want, instead, to continue to use a phone from your country, there are two options: LTE & 5G price plan and pre-paid service.

### 1. LTE & 5G Price Plan for used phone customers: **ARC is required**

One can still enjoy the same price plan as for a new phone, but no 25% monthly discount is provided if no contract is chosen.

**Price Plans for used phone subscribers**

(Brand: KT & )

No	Charge Item	Price Plan	Standard Monthly Charge with no contract	Final Monthly Charge after 25% Discount if 1- or 2 yr-contract signed
1	Subscription Fee	-	0	0
2	SIM Card	-	₩7,700	₩7,700
3	Price Plan: Monthly Usage Charges (25% discount will be applied)	LTE Data On Talk	₩49,000	25% discount=12,250 → <b>₩36,750</b>
		LTE Data On Video	₩69,000	25% discount=17,250 → <b>₩51,750</b>
4	Monthly Phone Installment	0 won as it is your used phone already		

\*All plans offer "unlimited talking minutes (except special paid service such as 114, 060, and 1588 calls) & unlimited text/photo messaging" (But there are daily limits: 500minutes and 500 text messages)

\* Price plans can be upgraded or downgraded anytime

\* Even if you enter into a "no contract", cancellation is prohibited for the first 6 months(penalty fee)

### 2. Pre-paid(Pay-as-you-go, Charging plan): **Passport ID is OK**

Visit any KT office or Olleh shop(KT agents) on the street and ask to top off(charge) as much amount of data and talk minutes as you want. Any charged amount is not refunded though.

**A. For Pure Data charging, LTE SIMple Charging Data Plus(LTE SIMple충전 데이터플러스)**

Charging Plan	Data Plus 500m	Data Plus 1GB	Data Plus 2G	SIM Card
Free Data Amount	500MB	1GB	2GB	7,700won
Price	8,800	14,300	19,800	

**B. For Voice/texting/data charging, Standard Charging(충전표준) is used.**

Once LTE SIMple Charging Data Plus is used up, this plan is then used. We recommend to charge about 5,000won for emergency voice communication. A+B are required for service activation

Category	Vocie	Video Chat	Texting	Multi Messaging Service(photo texting)	Data
Deducted Amount	44won per 10 seconds	60won per 10 seconds	22won per 90 - alphabet letter text	220won per 1 photo sent	22 won per 1M Byte

(Sales Coverage: Entire Korea, but mostly Gwangju, Jeollanamdo, Jeonju, Jeollabukdo & Seoul)

## [KT Internet Service Guide]

If your residence is a one-room apartment(villa), then consult your landlord first as they usually provide free Internet service for the entire building.

\*The Internet speed/network, though, is shared among other tenants with many security issues and frequent network chocking/breakdown

### 1. Prices for 100Mbps Internet

(Brand: KT & )

No	Charge Item	Contract Period	Total Monthly Charges
1	Installation Fee	All Contracts	₩27,500
2	Modem Rental (monthly)	3 years	0
		2 years	₩2,200
		1 year	₩3,300
3	Usage Charge (monthly)	3 years	₩22,000
		2 years	₩29,700
		1 year	₩34,650

\*penalties are applied for early termination of service taking into account what number of years has passed. For example if a 3-year contract terminates at 14th month, it is considered as 1 year contract; hence the penalties are calculated as follows:

- penalty amount for modem rental + usage charge:  $(₩0 - ₩3,300) \times 14 + (₩28,050 - ₩36,300) \times 14 = ₩161,700$

\*service transfer fee to a new residence: ₩27,500

\*a Giga wifi router will be provided as a gift for a 3-year contract.

### 2. Activaiton Process

ARC Check → Sign and return the form to KT representative via Email/Fax

→ Visit and service activation by KT technician(i.e. delivery time is 3 working days after application submission)

→ First bill to email next month

\*no upfront cost!
